**Seattle & The Pacific Northwest**

# Seattle & The Pacific Northwest

The Pacific Northwest encompasses some of the most diverse and scenic landscapes in North America. To the west, the untamed Pacific Ocean hugs the coastline. Just inland the massive snow-capped Cascade Mountains rise above lush green forests. Amidst this natural beauty cosmopolitan cities find their home. The cities of the Pacific Northwest are noted for their high standards of living and vibrant civic and cultural life.

Seattle has been voted many times amongst the most 'livable cities' in the US. It is a city defined by its environment. Here, more than anywhere else in the world, the forefronts of technology and urban culture stand arm in arm with dramatic scenery. The sparkling waters of Elliott Bay, Lake Union and Lake Washington wrap around the city and its dramatic skyscrapers; and evergreen forests crowd the city limits.

# Introduction

Seattle is a city of innovation and has been a trend-setting city since 1964 when it hosted the World's Fair and was bold enough to build a futurist building that remains a local icon to this day. The Space Needle serves as a constant reminder for all of the power of revolutionary thinking. Today Seattle is the home of Microsoft, Amazon, Boeing, Starbucks and many other international companies.

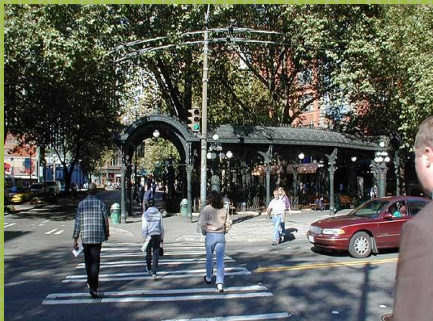

Experience these many faces of the Pacific Northwest and Seattle. Combine breathtaking nature with a lively city, and create a custom designed adventure. An incentive, as diverse and varied, as stunning and impressive as the Pacific Northwest itself.

Go Northwest for an experience of a lifetime!

# Why Seattle?

- The Pacific Northwest – a new and exciting incentive destination
- Seattle – voted one of the most beautiful US cities
- Discover a new destination
- Breathtaking natural beauty
- Abundant outdoor and soft adventure
- Gourmet cuisine and world famous wines
- New Condor non-stop flight from Frankfurt to Seattle
